

Letter from Founder and President, Jimmy Wilson

September 5, 2017

As we celebrated the Labor Day holiday this week, I was reminded of how valuable our employees are to the success of Bay Wood Products. We could not meet the needs of you, our customers, without the dedicated staff of men and women who come to work each day ready to make the quality wooden pallets and custom crates you depend on.

In business for 23 years this summer, we continue to learn about what it takes to balance a productive work life with quality time away from the job. We strive daily to create a positive work environment for our staff. One way we do that is by partnering with a chaplain service. Our chaplain, Mike Woods, Corporate Chaplains of America, visits us every week. Over time, he's gotten to know our team and is available 24 hours a day, seven days a week.

For more than six years now, he has visited employees in the hospital and prayed with them before surgeries. He has officiated at funerals for our staff and has witnessed 20 of our workers accept Christ into their lives. He has been there countless times when someone faced an issue that was bigger than they could handle alone. I have personally enjoyed getting to know Mike and appreciate the genuine concern he shows for everyone here.

We hope that by treating our team with the utmost respect that they will continue to provide the best service possible to you, our customers. Thank you for allowing us to serve you! It remains our pleasure.

Sincerely,

Jimmy Wilson
Founder & President
